- Daily Self learning

Profile

I ‘m Full Stack Developer with over 1 of experience in designing, developing, and deploying scalable web applications. Proficient in both front-end and back-end technologies, with a strong focus on creating seamless user experiences and robust functionality. Skilled in modern frameworks and languages, including JavaScript, React, Node.js, and Python, while also adept in database management with SQL and NoSQL solutions

Experience

Manager / Pharmacologist
Atlas Pharmacy
[2022] – Present

- **Leadership and Management:** Oversee daily operations of the pharmacy, ensuring efficient workflow and high-quality patient care. Manage a team of pharmacists and support staff, fostering a collaborative and productive work environment.
- **Sales Responsibilities:** Drive sales initiatives by analyzing customer needs, promoting pharmaceutical products, and implementing effective marketing strategies to enhance revenue.
- **ICT Technician Role:** Manage and maintain pharmacy IT systems, troubleshoot technical issues, and ensure data integrity for patient records and pharmacy operations.

Education:

Bachelor of Computer Science
University of Somalia, Mogadishu, Somalia
Graduated: 2024

Certificate

- Certificate of Bachelor of Computer Science
- Certificate in Full Stack Development
- **Description:** Acquired skills in front-end and back-end development, including HTML, CSS, JavaScript, Node.js, and database management. Developed several projects, including a responsive e-commerce website and a RESTful API.

Seminars

- Navigating Key Employability Skills for Today’s Job Market (SOPTA)
- How to Achieve Financial Sufficiency (ALAMTRA)
- Why is DevOps Important in The IT Industry (IRISE)
